Los Angeles Herald

THE DAILY and WEEKLY HERALD has more than double the circulation of any other paper published in Southern California. Business men recognize it accordingly as the best advertising medium South of San Francisco.

FRIDAY, JAN. 21, 1876.

THE SAN DIEGO UNION—TOM SCOTT organ—says the people understand the HERALD's position. Judging from the way they read and patronize it we are inclined to the opinion that they both understand and endorse its position.

COLONEL JONATHAN WILLIAMS lately committed suicide leaving his curse on the Virginia *Enterprise* and the *Pioche Record*. On the ground that no same man could consider those papers worth a curse the friends of Mr. WILLIAMS concluded that he was insane.

It has been wisely said that the man who does not read the advertisements in a newspaper, is like the traveler who passes along a strange road without consulting the guide-boards, and it may be also said that the man who has anything to sell, and does not advertise it, is like one who invites his neighbors to a feast and nails up the doors of his house to prevent their entrance.

THE REPUBLICAN GAME TOURNAMENT of the State Insane Asylum at Stockton has been defeated. Messrs. DOAK, CUTTING and CLUNES, nominated as Directors have been rejected by the Senate. Under the new management it is probable Dr. J. S. TITUS, for a long time Assistant Superintendent, and one of the most competent men and best physician in the State, will be elected Superintendent.

THE SACRAMENTO RECORD thinks it would be an outrage and an insult to Union soldiers to restore the Southern veterans of the war of 1812 to the pension roll. The editor of that paper, some years ago, ridiculed the idea of celebrating the anniversary of the battle of New Orleans. The peculiar views of the gentleman on these two points is explained by the fact that he is a subject of Queen VICTORIA, and declines to become a citizen of the United States.

Our report shows a fall in mining stocks yesterday. Some of the leading stocks went down rapidly and the indications are that there will be but little, if any rally to-day. Stock dealers may as well prepare themselves for a considerable decline. The growing tightness of the money market, and the withdrawal of a large amount of capital that has heretofore been absorbed in mining speculations, has caused a scarcity of stock buyers which must produce a decided impression on California street. The late rise, by which several leading stock brokers realized handsomely, appears to have been a spasmodic effort to make a winning on a bluffing hand.

The virtue and piety which the world so well knows lives in a Democratic majority cannot eradicate that foul weed, the lobby, from the Legislature. We are assured that there is a well organized and powerful lobby sucking like a mammoth leech at the people's money through the present Legislature. The leaders of the Goths will turn their forces loose for the accomplishment of any job with dollars and cents in it; but the great Bonanza for which the lobby is working is a bill for the issuance of two and half million dollars municipal bonds for the San Francisco City Hall. The Democratic majority must beware of this City-Hall Nemesis. It may lose the party the vote of San Francisco forever. The people of that city are heavily taxed now.

Do Not Hide the Truth.

The labored effort of the *Express* to make it appear that the HERALD has attacked the validity of land titles in this valley will hardly serve its purpose. It is the business of a newspaper to give the current news. In alluding to disputes as to boundaries and titles we made no statement that was not known to parties interested. Already the Government has taken decisive action in the case of one patent alluded to, and it is probable the other disputes will come up in due time. In regard to what was said relative to the Santa Monica and San Vicente ranches, was it not true? Is it not true that the question of boundary between the two grants is in dispute? Is it not true that the owners of five-twelfths of the Santa Monica grant deny that the line runs where the owner of the remainder of the grant claims that it does? Is it not true that this matter is now in litigation?

Is it not true that the Southern Pacific Railroad Company deny that the area of the San Vicente grant is as large by three-fifths as the owners claim? Is it not true that the briefs are printed and the case in the hands of the attorneys? And finally, is it more than right and just that contemplating purchasers of land in either of these grants should know the character of the titles with which they have to deal? We would not intentionally cloud any man's title, nor will we knowingly deceive people by representing as perfect a title which is so far from it as to furnish the courts with law-suits, and the lawyers with five thousand dollar briefs. We had

hoped that these matters would be permitted to take their course in the courts without further reference thereto by us, but as the *Express* continues to let its zeal to serve its masters outrun its judgment, by making false charges against the HERALD, we feel it our duty to once more repeat in self-justification what all concerned know to be true.

The Rebellion in Congress.

Congress—more particularly the House of Representatives—is just now engaged in the business of panamaizing the rebellion, and as the ugly incidents of that period of unpleasant memory pass before the audience, a Democrat or a Republican, tells what he knows about it. They each speak from hearsay only for it is known that the men who talk most of the rebellion, and who never weary of hurling cirmmations and reprimands, are the men whose knowledge of battles and whose descriptions of the crash and carnage of contending armies, are gleaned from books and the letters of the war correspondent. The men who were there—who fought on one side or the other and grappled in the struggle which they meant should end in death or victory, are now friends and would much rather forget than revive their recollections of these scenes. We do not know that any good can come from these acrimonious debates, but if gentlemen delight in them, let them indulge to their heart's content. The people are not interested. What has been done is beyond recall. What is to be done is a matter of much more importance, because its shape and control is within our own hands. What matters it now if outrage and cruelty is traceable to both sides in the rebellion. The incidents of war are generally unpleasant. There is little about them upon which we delight to dwell in time of peace. The nation has a hideous skeleton in the closet. It is a sight comparatively few delight to look upon, but there are a few who love to gaze on the horrible and quite a number of these have found their way into Congress. Let them open the closet door of their natures are such that to look upon its contents give them pleasure. Politicians and place hunters may revive the war and fight it over as they fought it before—at a safe distance from the battle field—but little or no capital can be made of that class of stock in trade at this late day. The people prefer to consider how they can best free themselves from the burdens of the war by wasting their time in fighting its battles over again.

The Sacramento Herald.

The following explains why the Sacramento *Herald* discontinued publication. The *Record-Union* says:

On Saturday C. W. Clark foreclosed a mortgage against the *Herald*, an oil-well operator in charge of the premises, and the further issuance of the paper suspended. Yesterday, John N. Larkin and W. H. Fellows, two of the proprietors of the paper, by their Attorney, brought suit against Clark and Costable Fernal to recover damages in the sum of \$11,666.66. The complaint on file in the County Clerk's office asserts that plaintiffs are the owners of two-thirds of the good will and material of the paper, which is worth \$15,000; it also declares that on last Saturday the defendants wrongfully and unlawfully entered into possession of the property, thus destroying the good will of the plaintiffs in the paper and damaging them to the extent named.

The Response.

To the petition of a number of business firms in this city that their steamers land at Santa Monica, Messrs. Goodall, Nelson & Perkins make the following response through their agent:

AGENCY GOODALL, NELSON & PERKINS STEAMSHIP CO., LOS ANGELES, Jan. 15, 1876.

MESSRS. H. D. BARROWS, W. H. WORKMAN, and other Merchants and Shippers of Los Angeles. Gentlemen:

Your petition, asking to have all the steamer of this Company on the San Pedro waters call at Santa Monica, is forwarded to Messrs. Goodall, Nelson & Perkins' agents at San Francisco, who having had the matter under careful consideration, beg to say to you in reply, that they are disposed to comply with your request; but, after consultation with the captains of the Orizaba and America, it is impracticable to have those two steamers call there during the winter season, as both are side wheel steamers with very high guards and could not be safely alongside the wharf in rough weather.

The Senator, having very low guards, has little or no trouble there; but the Mohongo, whose guards are higher, but not near as high as those of the Orizaba and America, does not lie there as well, and during the past six weeks they have been obliged to expend several hundred dollars each voyage, for repairs made necessary by injuries sustained to her guards and paddle boxes, while lying at the Santa Monica wharf.

They intend to give Santa Monica an additional steamer, by placing the Los Angeles on the route within a few weeks, and are also negotiating for another propeller ship which, if the negotiations are successful, they propose to place in that particular trade; propellers being much better adapted for that kind of service than side wheel steamers.

We desire to assure you that your wishes shall always have their consideration, and hope that you will, for the reason named, pardon their deferring for the present, compliance with your request herein referred to.

Very respectfully,

H. MCLELLAN, Agent.

A shoemaker in San Francisco, writes to the *Chronicle* to complain of Chinese labor. He says that four years ago, there were few boot and shoe establishments, employed 700 white men, at an average of \$20 per week; but that now, in the hurry to shoe the white man out and put in the brown man, there are not 200 cordwainers employed there, while 1,150 Chinese find work.

FOR LOS ANGELES.

CALIFORNIA, Jan. 20.—The following passengers for Los Angeles left on the Telegraph Stage Line to-day: M. Kusch and J. Melchen.

SAN FRANCISCO NEWS.

SAN FRANCISCO, Jan. 20.—The Antioch distillers' case developed no important features, the prosecution still continuing, the testimony tending to prove discrepancies between the accounts of the true product of the distilleries and the amount returned by the defendants.

W. A. Kendall committed suicide to-day at the Alta lodging house by taking morphine. The deceased at one time was a literary man of some prominence in San Francisco and was known to the newspaper men of this coast. He left the following note among other papers to the coroner: Dear Sir—I have stated the immediate cause of my death, hoping it will obviate the necessity of cutting me up. From constitutional over-sensitivity and continual misfortune my life, from the cradle to this sad end has been one long painful cutting up. I have yet, thank God, an unweakened friend or two, who will, I think, see me quietly interred. Respectfully W. A. Kendall, January 18th, 11 o'clock p.m.

For long time he has been utterly prostrated poor and destitute so he quietly took his departure. The readers of the *Golden Era* will remember his poems over the signature of "Comet Quirks."

Later developments in the child abduction case this morning show that the woman who took her was Mrs. Wallace of Boston who claims to be aunt and natural guardian of the child. She has the little girl in her possession now and says she will keep her. H. C. Kibbe, Secretary of Belcher, New York, Consolidated, Jackson, and other mining companies, has gone to packard having a discrepancy in the accounts of the Jackson Company to the extent of \$10,000. M. N. New York Consolidated, \$50,000. The Belcher funds, so far as investigated, are untouched. He had full swing in all his companies, as he was trusted to the fullest extent. He leaves two children in the city and has a wife and child in Paris. Speculating in stocks and the desire on his part to make himself whole in losses, did the business.

The Chilmar Potash Mining Company filed an assessment of \$5 per shareholding January 23d.

The Union Veteran League will have a reunion of soldiers and sailors of the war in April next, and the Committee is sending out invitations throughout the Coast States and Territories.

A. Williams, ex-Mayor of Oakland, died in that city yesterday at 5 p.m. He was the step-father of Bret Harte.

Further particulars of the defalcation and flight of H. C. Kibbe, Mining Secretary are: He left the Belcher office Wednesday about twelve o'clock going to lunch, so he stated, and from that time he has not been back. Nothing was suspected of his intentions though it was known to a few he was in trouble. The defalcations are very heavy and among them are \$125,000 from New York Consolidated in which he was a large stockholder as well as Secretary. Europa, \$10,000. Jackson, \$9,000 and Lady Washington \$1,000. With the exception of the Europa, he was Secretary of all the companies. Belcher loses nothing, as the secretary has no charge of any cash. How long he has been engaged in taking advantage of his trusts is not yet known, but it is supposed to extend back several years, and it has been definitely ascertained that all his defalcations have been lost by ventures in mining stock speculations. The bears made the defalcation tell on the stock market, and forced prices down to 15 percent.

The Hospital Committee have declared war against the wholesale expenditures in that Institution and the Almshouse. It was decided yesterday to cut off the supplies of whiskey and eggs. Of the former one thousand dollars worth is consumed a month, and 120 dozen of the latter per week. Hereafter egg-nog will be scarce in that Institution.

The body of H. C. Kibbe, late Secretary of the Belcher and other mining companies, and whose accounts are found running short, was found in his brother's room in a lodging house on O'Farrell street this morning. When Kibbe left the Belcher office Tuesday he went direct to his brother's room, the latter being absent from the city, and was seen to enter it about two o'clock in the afternoon. Nothing further was seen of him, and the landlady this morning, finding the door locked, burst it in and found Kibbe lying dead in the bed with his coat off. A bullet-hole was found in the roof of his mouth, and a pistol with a barrel empty was lying by his side. Letters were found on the table in the room, one directed to his wife and children, in which, after a very affectionate farewell and admonition as to their future life, he says: "Circumstances have so hedged me about that I must go. I could not help you if I stayed." To his brother he apologizes for his cowardly way of leaving him while sick. One to J. A. Burr, broker, in which he says that when Burr sold 50,000 shares of Europa for \$37,500, he did not say how badly he needed the money, and directs the 40,000 shares now in his safe to be set aside for the benefit of Col. J. D. Fry. Also a letter to R. Apple, dated the 18th inst., in which he says he pays his debts to the best of his ability, and in the way he told Apple some days previously. He says he tried to be a good Apple, but could not, and the act would make them square. He says he has had the act on his mind for years, and felt that he might go at any time. The last letter is dated the 18th, and reads:

"It is now a quarter past 3 p.m. I have written my letters, I request that the letters to Col. J. D. Fry and J. L. Fry be handed to them unopened; and now, good-bye."

GOLD REPORT.

SAN FRANCISCO Jan. 20

Gold, 113½
Greenbacks—Buying, 87½; selling, 88.

LOCAL BREVITIES.

Gold in New York was 113 at 11 A. M.

Mr. G. W. JONES, of San Diego, is at the St. Charles.

Father Verdague's organ concert will take place soon.

H. FINNEY was at the Cosmopolitan, San Francisco, on Monday.

Jesse Shepard, the Musical Trinity will be here next week.

Mr. Fisher of the Santa Monica Outlook was in the city last evening.

Mr. Andrew Kraszynski, of Andrew Station, was in the city yesterday.

According to the rain gauge of Mr. O. H. BILLS, Alameda street, 60-100 inches of rain fell yesterday forenoon.

Some of the five acre villa lots were sold at Santa Monica yesterday. The highest price realized was \$90 per acre.

Mr. Lehman, of the carpet house of Lehman & Co., has gone on a flying visit to San Francisco.

Mr. Mathews, the architect, returned yesterday after an extended visit to San Francisco.

The Mohongo arrived from San Francisco yesterday morning at an early hour.

The artesian well on Mr. J. M. Gibson's ranch has reached a depth of 45 feet.

Mendel Meyer yesterday received the welcome news that his ticket in the Havana Lottery had drawn \$300.

The schooner Monitor is discharging a large cargo of lumber at Santa Monica for Lucas Brothers.

J. G. Keith and wife of Los Angeles, were at the Russ House, San Francisco, on Monday.

H. C. Austin of Los Angeles, was at the Palace Hotel, San Francisco, at last accounts.

Santa Barbara is about organizing a chain-gang. Our neighbor is putting on metropolitan airs.

D. R. Hubbell, of this city, was at the Russ House, San Francisco, on Saturday.

The city is plastered with, "Ride on King Jesus." It may be a religious novelty, but it lacks religious propriety.

The performers in the Cantata of Esther, are requested to meet for rehearsals at Turn-Verein Hall this afternoon at 2 o'clock precisely.

The New Age, the organ of the Odd Fellows of the State, comes to us in mourning for the death of Past Grand Secretary Johnson.

We are pleased to learn that W. A. Matthews will save his injured limb, it being declared that amputation is not necessary.

Smith, on Aliso street, corralled all the eggs in the city this morning. We don't approve of these "corners" in articles of food; let him make one in corner lots.

A little boy, with a very level head, says the only good thing he has seen in the Express lately was a piece of cheese wrapped up in a copy of that paper.

The rain was a welcome sight to the farmers, as it commenced falling about half past eight o'clock yesterday morning. About one o'clock it partially cleared.

The discharge of Miller, charged with incendiary, was such a surprise that the other two men who have been arrested as accessories will not be sent for.

Mr. J. A. Scott, a first-class oil refiner, from Titusville, Pa., has arrived for the purpose of superintending the refinery at Scott & Baker's oil well at San Fernando.

Mr. T. A. Caswell, agent of the Tennessee Jubilee Singers, left yesterday morning for San Bernardino. We can recommend him heartily as a first class business man and gentleman.

The San Bernardino Times has a glowing account of the opening of Mr. Backman's hotel at Hall City. It must have been a gorgeous affair and we congratulate Mr. and Mrs. Backman on their prospects.

J. Z. Smith, No. 61 & 62 Aliso street, has a lot of Egyptian corn for seed. He says it is the same article that the Israelites went down into Egypt, after a few years ago, and as it suited them it will probably be a good thing for the present generation. Plant some of it and let's see.

We are pleased to see that our general friend, S. Rothchild of the Golden Rule Bazaar, has succeeded in obtaining a first-class store on Commercial street, adjoining Slaney's shoe store, where he will open, in a few days, with an extensive stock of fancy goods of all descriptions.

Col. Warner said Goodall, Nelson & Perkins and they finally told the true cause why steamers did not stop at Santa Monica, viz.: that if they did so the Southern Pacific Railroad would not give them up freight. We told them that the citizens would start an opposition line, &c. In fact, articles of incorporation are already signed and the school is only wanting the settlement of some preliminaries. He hoped the people would hold themselves in readiness to co-operate with Senator Jones in building this road.

Mr. Fisher of Santa Monica, being called on said he thought the last speech sufficiently expressed his views.

Mr. Barrows said that notwithstanding the malignant stabs of a certain newspaper unfriendly to Santa Monica, Senator Jones had no intention of selling the road and no assessments would be called for.

Gen. Howard said that the people of Los Angeles could build and control the entire road to Panamint. The control of the Southern Pacific over the steamers must be broken up. The people must have an independent line of steamers to San Francisco. Any of those old tubs now in use was liable to sink any trip.

Col. Warner said Goodall, Nelson & Perkins were the slaves of the Southern Pacific Railroad.

A stranger, who did not announce his name, said Senator Jones should have the good will of every body, so that the Southern Pacific or other corporations could not make slaves of the people of Los Angeles.

Gen. Howard presented the following resolution which was adopted:

Resolved, That it is the duty of shippers to send their freight only on steamers that touch at Santa Monica.

The meeting adjourned, subject to after adopting the following resolutions:

Resolved, That the report of the Committee be approved, and that this meeting cordially endorse the railroad views of Senator Jones; and that the people of this city and county are prepared to co-operate with him in practically carrying out any feasible plan for extending the Los Angeles and

The Railroad Meeting.

A small number of citizens assembled last evening in the County Court room to hear the report of the committee appointed to confer with Senator Jones in regard to the connection with the Southern Utah railroad and the Union Pacific railroad.

Col. J. J. Warner called the meeting to order, stated its objects and asked Mr. Barrows if he had a report to make.

Mr. Barrows responded in effect as follows: Chairman and neighbors—it devolves upon me to make a formal report of the action of our committee. Mayor Beauvoir, Mr. Lips and myself were first appointed, but the other members could not go, so Col. Crawford and Judge Widney were substituted and we went to San Francisco. We saw Col. Jackson, Senator Jones' representative, and also the latter gentleman.

A contract between the city and the Gas Company was submitted by the City Attorney, providing for the lighting of streets and removal of the gas works.

By permission, Mr. Simpkins of the Gas Company, addressed the Council on the subject of the contract.

Mr. Barrows responded in effect as follows: Chairman and neighbors—it devolves upon me to make a formal report of the action of our committee. Mayor Beauvoir, Mr. Lips and myself were first appointed, but the other members could not go, so Col. Crawford and Judge Widney were substituted and we went to San Francisco. We saw Col. Jackson, Senator Jones' representative, and also the latter gentleman.

90,000 ACRES OF LAND FOR SALE, in lots to suit, suitable for the culture of Oranges, Lemons, Limes, Figs, Almonds, Walnuts, Peaches, Apples, Persimmons, Corn, Rye, Barley, Flax, Rice, Cotton, etc., and also many thousand acres of land.

Natural Evergreen Pastures, Suitable for Dairying.

Good water is abundant and an average depth of six feet from the surface. On almost every acre of this land FLOWING ARTESIAN WELLS can be obtained, and the more elevation the better. The water of the Santa Ana River and some of these lands are naturally moist, requiring only good cultivation to produce crops.

The Surveyor has made a plan of the land, two and three years, with 25 per cent interest.

I will take pleasure in showing these lands to parties seeking land, who are invited to come and see this extensive tract before purchasing elsewhere.
